Accreditation Update

Our Catholic School is always seeking the best and most effective ways to educate children for the 21st century, infusing this education with a strong and vital Catholic identity while supporting parents in tehri roles as the primary educators of their children. Every six years we have the opportunity for a very specific Self-Study process leading to the re-accreditation of the school. During the school year, the school will involve all of its shareholders (faculty, staff, parents, students, and parishioners) in this process using a specific protocol outlined by the Western Catholic Educational Association (WCEA). In February, a Visiting Committee from WCEA will review our Self0Study document, including our Action Plan, for ongoing improvement, and will determine our accreditation status for the next six years. Throughout the year, we will be keeping you informed about this Self-Study and Accreditation process. We welcome your support, your feedback, and your prayers for the success of this process.
